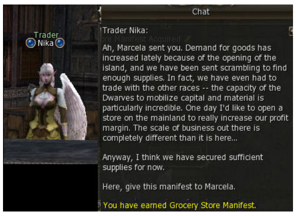
Here...

This is the season's list of the supplies I have received and placed in inventory. After the island was opened to outsiders, I worried because we received many demands for goods, and we were a little short on even basic supplies. Hurry and deliver this Warehouse Manifest to Marcela.

You have earned Warehouse Manifest.

- **3**) Obdržíte questový item který doneste **Marcele**.

- **4**) Běžte do Grocery Store k npc **Nika**.



Trader Nika:

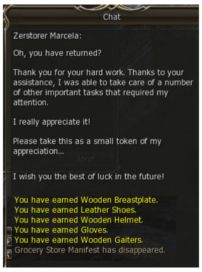
Ah, Marcela sent you. Demand for goods has increased lately because of the opening of the island, and we have been sent scrambling to find enough supplies. In fact, we have even had to trade with the other races -- the capacity of the Dwarves to mobilize capital and material is particularly incredible. One day I'd like to open a store on the mainland to really increase our profit margin. The scale of business out there is completely different than it is here...

Anyway, I think we have secured sufficient supplies for now.

Here, give this manifest to Marcela.

You have earned Grocery Store Manifest.

- **5**) Když se vratíte k **Marcele** jako odměnu vam dá wooden set a 2500 aden.



Zerstorer Marcela:

Oh, you have returned?
