Understanding of Miracles? Ah! You are speaking of the books I sold not long ago. Threatening books? I don't know ... As for me, I don't really know the contents of the book ... I just got a few to sell because they said that a lot of people wanted to read it ...
The church is collecting the books? Well, if that is the case ... I will give them to you, but I bought those books with money so the church will compensate me for them, right?
I bought five books in all, and I'll give you the three that were not sold. The other two books were bought by Guard Praga and Priestess Vivyan in this village. Go and ask them about the books.

Ah ... Now what do I do? What to do? Will the high priests forgive me? They will no doubt give me a terrible punishment ... From cleaning floors to laundry to cooking ...! Ahhhh ...
