Všechny

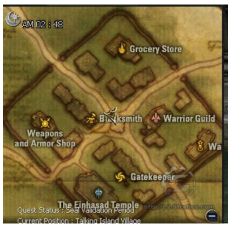
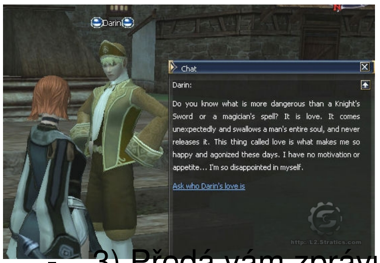
- 1)Jděte do centra města v Talking Island Village. V centru najdete Darina- promluvte s ním



- 2) Odpovězte mu - Say that you know Roxxy

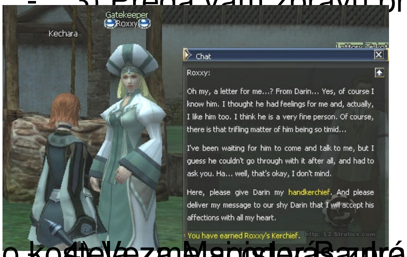


Darin:

Do you know what is more dangerous than a Knight's Sword or a magician's spell? It is love. It comes unexpectedly and swallows a man's entire soul, and never releases it. This thing called love is what makes me so happy and agonized these days. I have no motivation or appetite... I'm so disappointed in myself.

Ask who Darin's love is

- 3) Předá vám zprávu pro Gatekeeper Roxxy.



Roxxy:

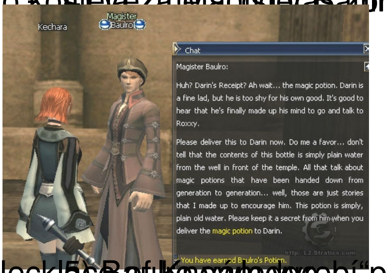
Oh my, a letter for me...? From Darin... Yes, of course I know him. I thought he had feelings for me and, actually, I like him too. I think he is a very fine person. Of course, there is that trifling matter of him being so timid...

I've been waiting for him to come and talk to me, but I guess he couldn't go through with it after all, and had to ask you. Ha... well, that's okay, I don't mind.

Here, please give Darin my handkerchief. And please deliver my message to our shy Darin that I will accept his affections with all my heart.

You have earned Roxxy's Kerchief.

- 4) Vezme zprávu a pošle vás zpět za Darinem. Darin vám dá recept a pošle vás do kostela za Magister Baulro.



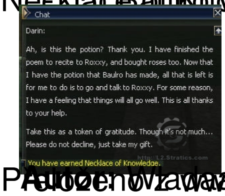
Magister Baulro:

Huh? Darin's Receipt? Ah wait... the magic potion. Darin is a fine lad, but he is too shy for his own good. It's good to hear that he's finally made up his mind to go and talk to Roxxy.

Please deliver this to Darin now. Do me a favor... don't tell that the contents of this bottle is simply plain water from the well in front of the temple. All that talk about magic potions that have been handed down from generation to generation... well, those are just stories that I made up to encourage him. This potion is simply, plain old water. Please keep it a secret from him when you deliver the magic potion to Darin.

You have earned Baulro's Potion.

- 5) Baulro vám vyrobí "potion" a pošle vás zpět k Darinovi. Darin vám poděkuje a dá vám Necklace of Knowledge.



Darin:

Ah, is this the potion? Thank you. I have finished the poem to recite to Roxxy, and bought roses too. Now that I have the potion that Baulro has made, all that is left is for me to do is to go and talk to Roxxy. For some reason, I have a feeling that things will all go well. This is all thanks to your help.

Take this as a token of gratitude. Though it's not much... Please do not decline, just take my gift.

You have earned Necklace of Knowledge.
